DA to clean up Gillitts railway

OWING to the success of the Kloof railway line clean up by the Democratic Alliance's Ward 10 committee, another clean up has been organised this weekend.

Gillitts Station, the railway line and its surroundings, will be attacked by dozens of volunteers from the DA on Saturday 5 December, in an attempt to rid the area of litter.

The group meets at Gillitts Station at 9am and cleans up for an hour.

"We urge residents who are concerned about the station to help us for an hour on Saturday. Bring gloves, your friends and family. We will supply the bags. We have an update on Transnet's plans for the station and will be discussing this on site," said Rick Crouch, chairman of the Ward 10 committee.
